Zack Mark — Advocacy Overview

Nov 10, 2026 · @Zack Mark

Who I am

I'm Zackary Mark, a student advocate at Sun Prairie West High School. I run two independent projects:

- **SPASD Student Voice** brings student input on safety, communication, fairness and transparency to Sun Prairie Area School District leaders. spasdstudentvoice.netlify.app · @spasdstudentvoice
- **Sun Prairie ALPR (SP-ALPR)** is a plain-language community report on the police department's switch from Flock to Axon license plate readers. sunprairiealpr.netlify.app · @sunprairiealpr

The full record (version 3.0, November 10) comes as a private complete edition and two public volumes, one per project, with a searchable web version. Student Voice started in January 2026; the plate reader project in July 2026.

Where things stand

Wins and written answers are in, two efforts are moving, and the plate reader terms are answered but not yet in a contract.

Status	Item	Detail
Won	District newsletters go to every student	Committed Oct 20, confirmed in writing Oct 21; first issue this month
Confirmed	LGBTQIA+ protections unchanged	In writing, Oct 1
Won	Students in leadership hiring	Principal interviews and superintendent finalist session, April
Moving	Weighted grades	Students helped write the plan; Board meeting Nov 9; final vote expected late November

Status	Item	Detail
Building	District-Wide Student Council	Dr. Reed: "I love this idea" (Oct 30). Invitations to every middle and high school Nov 4. Patrick Marsh signed on; Prairie Phoenix supportive; Central Heights pointed me to its Student Council; East can't share it until the council is school-sponsored
Answered	License plate readers	Chief's written answers Oct 27: 14-day retention trial, no livestreaming, monthly audits, public data-sharing agreement after signing
Waiting	Mayor	Meeting requested Oct 2; followed up Nov 6 with a youth committee seat idea

Recent (Nov 2–10)

The student council went from an idea to a district-wide plan with schools signing on, and on Nov 3 the district featured my work in its newsletter story "Making a Difference Through Student Voice."

- **Nov 2:** Four student work group members previewed weighted grades with the Board's Teaching & Learning Committee.
- **Nov 4:** Met Dr. Reed before school. Agreed next steps: contact every middle and high school, build a pilot plan, and set a meeting calendar. Invitations went out that day.
- **Nov 5:** Patrick Marsh's principal signed on with 3–5 Peer Ambassadors. Prairie Phoenix's principal wrote that he is supportive. The Board's office explained how student representatives are chosen.
- **Nov 6:** Sun Prairie East offered to share the invitation in its weekly newsletter and SP30. Dr. Mould asked for the family weighted grades FAQ as a Google Doc. Sent ideas to the Board President, the communications director, the Chief and the Mayor.

Nov 7–10: wrote the Board with questions about the superintendent's license; sent East an SP30 slide and poster; filed a public records request on plate readers (PD-2399-2026); sent a letter to the editor; the Chief said he's open to a quarterly ALPR transparency report; weighted grades went to the Board Nov 9; Central Heights replied Nov 10; and the caregiver survey analysis was released for the public record.

Coming up

Date	What	Where
Nov 12, 3:00 PM	Patrick Marsh planning meeting for the student council	Patrick Marsh, in person
Nov 17, 10:00 AM	Weighted grades follow-up with district and school leaders	Google Meet
Nov 17	City Council final budget vote	City of Sun Prairie
Late November	Board's final vote on weighted grades	SPASD

Still open: how a district-level student group registers and who sponsors it (asked Dr. Reed Nov 5).

Still waiting to hear back

- **Mayor Stocker:** a meeting (asked Oct 2, again Nov 6) and a youth seat or listening session
- **Dr. Reed:** how a district-level group registers and who sponsors it (Nov 5)
- **Board of Education:** five questions about the superintendent's license (Nov 7)
- **City records office:** public records request PD-2399-2026 (Nov 9)
- **Chief Warych:** whether Flock audit logs are kept (Oct 27)
- **Mayor and city staff:** whether six plate reader terms go into the contract before the vote (Nov 6)
