Business owner FAQ

Does this affect my business?

The city's plate readers are on public roads and are run by the police department. This site does not say whether any business is affected. Nine cameras exist now; 3 were donated by Woodman's.

Can I ask questions?

Yes. Email the Mayor and your alder, speak at public comment, or request records.

What does it cost the city?

The Axon draft estimate is $235,388.97 over 10 years (non-binding). Flock's platform fee is $15,000 a year.

I do not ask businesses to take a side.
