Classroom partnership guide

For teachers who want a real local decision to study. Nothing here asks students to take a side.

A 30-minute lesson

1. 5 min: What is an ALPR? (Day in the life, Practice & play)
2. 10 min: Statement or written term? (sorting game)
3. 10 min: Write one neutral question for the city (Question builder)
4. 5 min: Exit ticket (Kits page)

Skills it builds

- Reading primary sources
- Telling statements from binding terms
- Writing a respectful question to an official

What I can provide

- Slides for teachers, worksheets, an answer key and exit tickets (Kits page)
- A short classroom visit or video call if your schedule allows
- Updated numbers on the Trackers page

Ground rules

- No names of staff or residents beyond public officials' roles
- No real license plates or photos
- Students choose whether to share a position
